What to do

Dieting has become a great fad in America, and just as, years ago, we, as a nation, over-ate, so now we are undereating. The one is as bad as the other. Man needs food and plenty of it to sustain life and to give strength to compete in this busy world.

It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that results in dyspepsia you will not cure the trouble by cutting down your food supply. If your digestive organs were creating the proper amount of gastric and peptic juices you would have no dyspepsia. To cure the disease

Swept Village of Gradyville, Leaving

Columbia, Ky.-The most horrible disaster that ever occurred in the history of Adair county, resulted in property loss that can not be estimated and the loss of 21 lives. Gradyville, a village eight miles west of Columbia, on Rig creek, was almost completely swept away by a waterspout. Twentyone buildings were carried away and 21 people lost their lives in the frightful catastrophe, while many others were injured. Dr. L. C. Nell, state son ator from the Sixteenth district, loss his wife and four children in the flood A wall of water ten feet high swept down upon the sleeping inhabitants of the little village, crushing their homes like egg shells and drowning them without giving the slightest warning. The wails and cries of the women and children were heartrending as they were carried down stream. Some of the bodies were found wedged between
